

# Sticky Knowledge

## Key Knowledge

That 2D forms can be used to create 3D shapes

How to join pieces of paper using slots and bends

How to manipulate using folding and bending.

**Michael Bolus 1934-2013**  
Sculptor and teacher.  
Rauschenberg is best known for his sculptures made from steel and aluminium. His sculptures have been showcased in many group and solo exhibitions across the world.

## Skills: I can...

...plan to create a sculpture

...use 2D forms to create 3D shapes

...consider arrangement of shapes to create an assemblage

...Use bends, folds, concertina and joins to manipulate materials

... experiment- amending ideas and techniques until they achieve a desired result.

...justify my artistic choices.

## Key Vocabulary

Sculpture	the art of carving, modelling and welding or abstract works of art in 3D.
Manipulate	To handle or use, especially with skill.
Bend	To shape or force something straight into a curve or angle.
Fold	Bend over on itself so that one part covers another.
Concertina	A zig-zag fold.
Join	To link or connect
Assemblage	A work of art by grouping together objects.
